A nursing student finds herself caught,
In celestial war of SOULdiers minds' fraught,
An unconscious runaway she happens upon,
Her high school romance who left her forlorn?
Beneath that overpass they revive,
Surgeons from death's jaws snatch his legion lives,
They're wraiths poised for blood baths' next devise,
He remembers not self, what, when, where but why?
Knows he's Earthbound for the last war's cry,
Invaders' lone murder victim is humankind.
If a house split against itself can't stand,
Can a man divided within himself make a stand?
Fear is the fatal frontier in metaverse land,
Wherein shape shifters' souls make blood-n-guts demands
